

DBE COMMITMENT

We are dedicated to supporting and improving the local economy by employing local resources for design and construction. Providing meaningful participation for local firms, including DBE firms, is fundamental to our success and the success of our projects. We provide outreach, bonding / insurance assistance, mentoring and on-the-job training program opportunities.

Potential opportunities include but not exclusive to the following disciplines:

- Bridge work
- Earthwork
- Landscaping
- Erosion control
- Subgrade Treatment
- Underground utilities
- Asphalt pavement
- Signing and markings
- Miscellaneous design and engineering services
- Traffic control
- Guardrail and Fencing
- Lighting
- Electrical
- Traffic signals
- Environmental mitigation
- Reinforcing steel installation
- Material Testing
- CADD Support Services
- Miscellaneous concrete work
- Surveying
- Dewatering
- Construction Materials

Disadvantaged Business Enterprise (DBE) Initiative - The 4 "C"s

Comprehensive Communications:

We understand that timely and effective communications is necessary to the DBE business community.

Community Connections: By building and fostering relationships, firms learn who we are, we learn who they are and we educate them about potential contract opportunities.

Continued Commitment: We have a company-wide commitment to diversity and utilizing DBE firms on our projects.

Consistent Results: Our commitment and extensive DBE compliance program have consistently resulted in substantial DBE utilization and DBE goal achievement.
